Father Peter Mukasa is a priest from Uganda who has not only devoted his life to the priesthood, but also building his community up from the shackles of poverty. He grew up poor and he had to walk 4 miles to access water, 5 miles to go to school, and 10 miles to access a clinic. All this hasn't changed in his community up today. Fr. Peter wants to start to make a difference in his and other communities.

Come and see the work in the progress and learn how you can be part of this noble cause. Fr. Peter will be available to give more details. Please also visit the website for more information. Tax deductible donations also can be made directly through the website at [www.zimufoundation.org](http://www.zimufoundation.org).
